

FOUR CONTESTS UP TO VOTERS IN MAY PRIMARY

THREE CONTESTS ON DEMOCRAT TICKET; ONE ON REPUBLICAN SLATE

Three contests have developed on the Putnam county Democratic ticket which will be decided in the primary election on Tuesday, May 2.

Filing of candidates for the primary ended Saturday and when the smoke cleared away it was found that contests are on tap in the Democratic race for judge's nomination; in the sheriff's race, and treasurer's race.

There is one contest on the Republican slate, that of the nomination of judge of the Putnam circuit court.

The two county tickets for the May primary are as follows:

DEMOCRAT

Candidates For Congress Unopposed

Noble J. Johnson, present representative in congress from the Sixth Indiana District, and Otis G. Jamison also of Terre Haute, have filed for congress in the coming primary election, Mr. Johnson being the Republican candidate and Mr. Jamison the Democratic nominee.

Firemen Rescue Dog From Cistern

City firemen were called to the home of Mrs. John King at 619 Anderson street Saturday to rescue a dog which had fallen into a cistern.

On Sunday afternoon at 1:50 o'clock the city fire department was called to the home of William Rogers, 314 north Madison street to extinguish a roof fire. The neighbors working with garden hose had the fire under control before the firemen arrived, however considerable damage was done.

20 Years Ago IN GREENCASTLE

Local radio fans, who turned in on Pittsburg radio station WCAE, heard a program of popular music broadcast by Ralph "Jack" Denny and his orchestra. Mr. Denny during the program said he hoped his "Greencastle friends were listening" and one number was dedicated to Edgar Prevo.

City foremen were called to the Delta Tau Delta fraternity house when smoke filled the house, as ashes from the furnace which had been put in baskets in the basement caused the trouble.

Miss Nelle Browning was named Putnam county manager of the College campaign by Ewing Emison, Indiana manager.

NO JOBS FOR 30,000 ARMY OFFICERS, CHARGE

WASHINGTON, April 3.—(UP)—Rep. Adolph J. Sabath, D., Ill., dean of the House, charged today that 30,000 army officers are sitting in "cocktail lounges" throughout the country because the army does not have jobs for them.

Sabath told reporters that many men have been commissioned out of civilian life "to give them some kind of prestige," while regular officers, "West Point graduates with 25 and 30 years of army experience," are being retired.

"I realize that many civilians were commissioned for specialized work because of their skill and training, but I would like to know how some of these cocktail lounge officers got their appointments and why they are being kept in the service when experienced officers with full army careers behind them are being let out," Sabath said.

He said he had not been instrumental in securing a commission for anyone, and that he did not believe that many members of Congress had tried to influence the War Department in this respect. He said, however, that "someone is responsible" for such commissions, and that he intends to make an investigation at the end of the congressional Easter recess.

His charge of wasted manpower came at a time when Congress, the War Department, Selective Service and other governmental agencies were considering ways and means of finding additional manpower for both the armed forces and industry.

Blood Bank Again Visits Greencastle

The Red Cross blood bank returned to Greencastle today and will also be here Tuesday. Several donors are expected to join the gallon club on this visit. The first donors were taken at three o'clock this afternoon with appointments made up to and including 7:30 o'clock. Tomorrow the appointments start at ten o'clock.

Residents of Putnam county reported today and will tomorrow along with DePauw University students and boys from the Naval Pre-Flight school.

A permanent record is being made of all those who have donated or are willing to do so. This will be used in the future to help obtain the required number of donors. Mrs. Thad Jones is chairman of the committee and the Associate chapter of Tri Kappa again had charge of it at the Elks home.

Mrs. H. D. Irwin Dies In Chicago

Mrs. H. D. Irwin, 7100 Greenview Ave., Rogers Park, Chicago, sister of Edgar Prevo of this city and Gordon Prevo of Illinois, died of a heart attack Sunday in a hospital at Evanston, Ill.

Mrs. Irwin was born in Old York, Illinois, the daughter of the late Mr. and Mrs. Samuel Prevo.

Survivors are the husband, H. R. Irwin, and four daughters, Mrs. Edmund Hebel of Indianapolis, Mrs. Charles Stearns, Mrs. Frederick Dencke and Mrs. Wilder Morrison of Chicago; five grandchildren and the two brothers.

Funeral services will be held Wednesday afternoon in Chicago. Edgar Prevo will attend from here.

SERVICES FOR MRS. MEIKEL TO BE HELD TUESDAY

WELL KNOWN LOCAL WOMAN PASSED AWAY EARLY SUNDAY MORNING

Mrs. Bertha T. Meikel, age 76 years, well known Greencastle woman, and the wife of Charles Meikel, died early Sunday morning at her home on north Jackson street, following a week's illness.

Mrs. Meikel was born in Greencastle February 14, 1868, the daughter of Joseph and Katherine Weber Kleinbub. Mrs. Meikel spent all of her life in this community. She was an active member of the First Christian Church and a charter member of the Bee Hive Rebekah Lodge.

Besides the husband, she is survived by one son, Eugene, and one sister, Mrs. M. D. Ricketts of this city.

Funeral services will be held Tuesday afternoon at 2 o'clock from the First Christian Church. The Rev. Cecil Fellers and the Rev. E. F. Singhouse will be in charge. Burial will be in Forest Hill cemetery. Bee Hive Lodge will hold a service at the home this evening at 7:30 o'clock.

Friends may call at the family residence at 508 north Jackson street as the casket will not be open at the church.

Need Is Great For Nurse's Aides

Greencastle community faces the danger today of losing the reputation it has earned throughout the years for being quick and enthusiastic in its response for community service needs. Enrollment for the proposed class for Red Cross volunteer nurse's aides is far below the need for this emergency service.

Any Putnam county resident who has been in our local hospital during the past few months is well aware of the heavy burden that is being carried by the trained nurses who are on duty there. The Army and Navy are currently taking graduate nurses into service at the rate of nearly 3,000 a month and, although thousands of girls are going into training schools, the problem of keeping the home front healthy and well is growing more acute. For the sake of family and country, women must rally to the call of the Red Cross and enroll in the nurse's aide class.

The response from business and working girls has been generous. Surely there are women not employed outside the home who can give as little as three hours a week to easing the heavy load being carried by the hospital personnel. Three hours a week would be all the time required to make up the 150 hours per year of volunteer service that is expected of a Red Cross aide. The training course comprises eighty hours and the women who take it will have gained invaluable instruction that could well prove of benefit in their own homes.

Women between the ages of 18 and 50, who have graduated from high school, and are in good health, are urged to call Red Cross office, number 4, or 633 or 709-J after office hours, and enroll for Red Cross volunteer nurse's aide training.

COUNCIL TO MEET

The City Council will meet this evening at 7:30 o'clock.

The public is welcome.

rites Tuesday FOR WELL KNOWN ROACHDALE MAN

JOHN T. COUCHMAN PASSED AWAY SUDDENLY SUNDAY AT HIS HOME

John T. Couchman, widely known citizen of North Putnam county and manager for many years of the Public Service Company offices there, died suddenly at his home in Roachdale Sunday afternoon at the age of 76 years. He had been in failing health for the last two years, but his death was a severe shock to his wide circle of friends and to all who knew him.

He was born in Parke county Jan. 20, 1868, the son of Jacob and Miriam Daniels Couchman. He was married to Leola V. Thurner at Vincennes on March 22, 1891, and spent almost his entire life in this community. He was a member of the Roachdale Christian church, Masonic lodge and Lions club.

Survivors include one daughter, Lillian F. Couchman, of Milwaukee; a son, J. Turner Couchman, Indianapolis; two sisters, Mrs. Thomas Stultz, Ladoga, and Mrs. Fred Randall, Terre Haute; and two brothers, Henry Couchman, Truman, Ark., and William Couchman, Ponca City, Okla.

Funeral will be held at the Christian church in Roachdale Tuesday afternoon at two o'clock, in charge of the Rev. T. J. Wilson of Gas City. The body will lie in state at the church for an hour preceding the service, and friends may call at the Chastain funeral home Monday afternoon. Burial will be in the Roachdale cemetery.

Easter Program At Temple On Sunday

Greencastle Commandery, No. 11 Knights Templar, will hold their annual Easter program at the Masonic temple here next Sunday afternoon, and will have as their guests, members of the Brazil Commandery No. 47. The Easter Message will be delivered by the Rev. Victor L. Raphael, pastor of the Presbyterian church. Music will be furnished by Miss Esther Hildebrand.

The public is cordially invited.

CLOSE CALL FOR YOUTHFUL TRIO IN AUTO MISHAP

CAR CRASHES INTO RAILING ON BRIDGE WEST OF CITY SATURDAY

Three young people had a narrow escape from serious injury and possibly death Saturday night at 9:30 o'clock when their automobile crashed into the guard railing on the bridge over the New York Central tracks west of Greencastle on the Walnut street road.

Roland Lambert, 17, Stilesville, suffered chest injuries in the accident. Jewel Esue, 14, daughter of Mr. and Mrs. Bert Leslie, city, cut lip, teeth knocked out and knee injured. An 18-year old boy by the name of York from Hall was also an occupant of the car, according to deputy sheriff Russell Clapp, who investigated.

The car, a 1940 Oldsmobile sedan driven by Lambert, was going east en route into the city. He admitted to the deputy sheriff that he was driving too fast to negotiate the sharp turn at the overhead bridge and the machine crashed into the iron guard rail, tearing out a section about 10 feet in length. The fact that the bumper caught on one of the iron posts, set in the concrete retaining wall, was all that prevented the car from plunging to the railroad right-of-way about thirty feet below. As it was, the car hung suspended over the side of the bridge with the front end badly damaged.

A wrecker from Scott's Franklin Street garage was summoned to the scene to get the automobile back on the bridge.

The young people were treated at the office of a local physician.

New Coupons For Farm Gasoline

The only coupons now good for the purchase of non-highway gasoline in five gallon quantities are the new type strip coupons each of which bears an individual serial number and the designation "R-1" on the face, and the coupons printed in purple with only the words, "Mileage Ration" and the letter "R" on the face, said Kenneth West, chairman of the Putnam County War Rationing Board, in answering the many questions that have arisen due to misunderstanding as to which coupons became invalid April 1. These R coupons are bound in book form and have in small print, at the stapled end of the cover, the form No. R 531-B. This is the only form coupon which is now valid.

Those receiving coupons for non-highway gasoline have been told, during the last several weeks, that the coupons would be good as long as they lasted regardless of the expiration or renewal date written on the front of the book. Mr. West points out that that had been the plan, but that the great number of old R coupons which have found their way into gasoline black markets have made it necessary to invalidate them and in that way destroy their value for the illegal trade. Thus the farmer making legal use of his tractor gasoline is inconvenienced in having to either exchange his coupons or renew his application by the unscrupulous profiteer, said Mr. West.

In like manner the only one gallon non-highway gasoline coupons now valid are the "E-1" strip coupons and the "E" with form number R530-B.

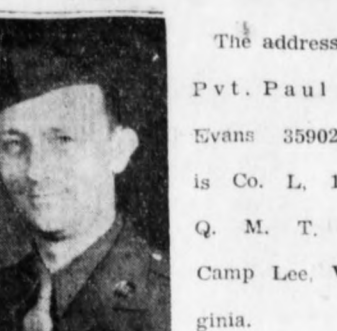

Consumers who will have books of the old type R coupons, which are printed in blue and state on the face that they "permit the delivery of one unit of non-highway gasoline," may exchange them for an equal number of the new type "R-1" strip coupons, providing the renewal or expiration date written on the cover is later than April 1, 1944. The new R-1 strip coupons are accompanied by a "Mileage Ration Identification Folder" which will have the coupon numbers recorded on it.

Those who have the old type R coupons with an expiration date earlier than April 1, and those whose coupons are nearly gone, should make a new application. Simplified application forms were received by the local board on Saturday and these will be used for those needing to apply for a renewal of their non-highway gasoline ration for another six months.

The five gallon purple printed R coupons are good for delivery of gasoline from bulk storage stations or

Repel Nazis On Anzio Left Flank

ALLIED HEADQUARTERS, Naples, April 3—Allied infantrymen have smashed another German attack on the left flank of the Anzio beachhead line, a communique disclosed today, while Italian units on the main 5th Army front occupied a third Nazi stronghold in the hills northeast of Cassino.

Headquarter spokesmen said the Nazi attack was beaten off with heavy losses to the enemy after several hours of bitter hand-to-hand fighting in the muddy ravines southwest of Aprilia.

Official reports indicated the Nazi assault, launched by about 150 shock troops, broke down on the barrier-wire line guarding the Allied positions.

The Germans brought up scores of flame throwers in an attempt to burn their way through the wire, but were forced to break off the attack before midnight under a heavy concentration of rifle and artillery fire. The attack began about 5 P. M. Saturday to the accompaniment of a heavy mortar barrage. Six hours later as the enemy troops began to alter, 10 Nazi planes swept in low over the battle area and sprayed the Allied positions with anti-personnel bombs and machine gun fire. One enemy plane was shot down by anti-aircraft fire.

Simultaneously, German artillery emplaced in the Alban hills opened up a heavy bombardment on an American battalion in another sector. The enemy gunners shot 900 rounds of heavy and light shell fire in a series of "time crashes" similar to those used repeatedly by the Allied artillery on the German lines.

SOVIET FORCES DRIVE 5 MILES INTO RUMANIA

REDS ASSURE WORLD THEY HAVE NO DESIGNS ON RUMANIAN TERRITORY

Bulletin

LONDON, April 3 (UP)—The

Admiralty announced today that British naval planes successfully bombed the German battleship Tirpitz in the Alten Ejford of Northern Norway.

MOSCOW, April 3.—(UP)—Red Army mobile columns, crossing a Soviet border for the first time in this war, drove five miles into Rumania today under orders to "pursue the enemy until his final rout and capitulation," but Russia assured the world that she has no designs on Rumanian territory.

Russian troops and tanks surged across the border simultaneously at many points from advance positions in Bucovina and Bessarabia provinces, which Rumania ceded to Russia in 1940.

One column forced the Prut between Cernauti, capital of Bucovina province, and Lipcani and captured Dumen, five miles south of the border, in a 10-mile advance that carried into the great Rumanian plain between the Prut and the Seret rivers.

Though the other points at which the Soviets penetrated Rumania were not disclosed, some were believed to be immediately north of Iasi, strategic communications hub which formerly served as south front headquarters of German Marshal Fritz Erich von Manstein.

Disclosure that the Germans had been pushed back beyond one of the frontiers from which they invaded Russia in June 1941 came one week after Marshal Ivan S. Konev's 2nd Ukrainian Army reached the Prut river border of Rumania above Iasi and only 24 hours after the 1st Ukrainian Army drove through Bucovina to the border.

First word that the Red Army was advancing through Rumania came from Foreign Commissar Valchieslav M. Molotov, who told the first press conference he ever has held last night that the Soviets had driven across the border "in several sectors" in pursuit of the German armies and their "allied Rumanian troops."

"Simultaneously," Molotov said, "the Soviet government declares that it does not pursue the aim of acquiring Rumanian territory or of altering the existing social structure of Rumania. The entry of Soviet troops into the boundaries of Rumania was dictated exclusively of military necessities and the continuing resistance of enemy troops."

(A dispatch from the Swedish newspaper Social Demokraten, reported to the Office of War Information, said German military authorities had warned the Rumanian government that civilians and peasants fleeing from the Russians would be shot if they panicked roads and highways and thus blocked German troops headed for the front.)

Death Summons Carl M. Boswell

RED CROSS ANGLES

Due to a help shortage at Putnam County Hospital it has been necessary to ask for volunteer assistance in the dining room. Mrs. L. C. Conrad, chairman for Red Cross canteen work, has compiled a list of women who are willing to report for duty at mealtime until a sufficient number of paid workers can be found. Included among these volunteers are the following persons: Mrs. Paul Canary, Mrs. John Cook, Mrs. O. W. Holwell, Mrs. L. D. Isbell, Mrs. Claude McClure, Mrs. Don McLean, Mrs. O. D. McCullough, Mrs. W. K. Ziegelman.

Another plea for volunteer Red Cross assistance that was answered promptly was the one for trained typists to assist in the ever-growing Putnam county chapter office. Since the need for giving Red Cross assistance to Putnam county men and women in service and to their families increases daily, the office work involved has grown accordingly.

Working under the direction of Mrs. Simpson Stoner, volunteer executive secretary for the chapter, the following persons have been giving generously of their time and abilities to this phase of Red Cross work: Mrs. Paul Allen, Mrs. W. B. Dortch, Mrs. Lloyd Houck, Mrs. Chester Hastings, and Mrs. James Oliver.

Prayer for Easter

Hardest of all, dear Lord, to bear
Is that my boy on some far shore
Should wounded lie, and I not there—
(Always I was there before.)

That someone else now takes my place,
Bends in pity, swift to do
All he needs. Oh, by Thy grace,
Let him feel my presence, too!

MOTHERS of America, you can make him feel your presence in a very real way. You can help supply the very medicines that may save his life! One tablespoon of used fat alone makes enough sulfadiazine ointment to treat 35 wounded men!

So save every precious drop of used fats (in any kind of tin can, not glass). When can is full, take it to your butcher; he will give you 2 free red points and 4¢ for every pound. Start today!

EASTER JOY WITH FLOWERS

These are times when each of us has reason to be sad, even on such a day as Easter. Yet in their natural bounty flowers can bring cheer that will dispel all gloom. And as they brighten the home to which you send them hour after hour, day after day, the true spirit of your Easter greeting will fill the heart of the recipient. Make your selection here, whether you wish to pay as little as \$1, or give as impressively as you wish.

IN MEMORY

In loving remembrance of our dear daughter, Nellie L. Wilcox who passed away five years ago today, April 3, 1939.

Forgive us Lord for asking why. But oh why did she have to die. The blow was hard, the shock severe. God alone knows how we miss her here.

A wonderful mother, mother and aid. One who was better God never made.

A wonderful worker so loyal and true. One in a million that mother was you.

Just in your judgment, always right. Honest and beloved ever upright. Lonely your friends and whom you knew.

Our wonderful daughter was Nellie. Mr. and Mrs. John Hinote.

NEW COUPONS

(Continued from Page One)
from tank wagons only. They can no longer be used at filling stations.

The one gallon E and E-1 coupons are good for delivery of gasoline from filling stations as in the past. Those having the five gallon purple printed or R-1 coupons who are unable to have the service of tank wagons or get their gasoline from a bulk storage station, may have their coupons exchanged for the one gallon E-1 coupons which are good at filling stations.

To conserve as much time and gasoline as possible Mr. West suggests that those needing to exchange their coupons, mail them to the local War Price and Rationing Board at 12 1-2 South Jackson Street, requesting that they be exchanged. A like number of the new coupons will be mailed back immediately. Those needing to make a new application should turn in their old coupons and book covers and ask for a new application blank for non-highway gasoline. The blanks will be sent by return mail. When properly filled out for the amount needed and signed on the back they can be returned to the local office by mail. The new ration will be sent as soon as the application has been approved by the author-

ized representative of the AAA office.

SCHOOL NEWS

The sixth grade at the Ridpath school have two new pupils, enrolled, Donna and Richard Nelson, who came to us from Minneapolis, Minn.

Following are poems which were written by the sixth grade of Ridpath school during a reading period.

Down the streets I go
On my roller skates so fine;
But O dear, when I get to the bottom,
Back up the hill I must climb.

Sometimes I go to the skating rink,
Where people do so fine,
All the tricks in skating
That make my heart just pine.

No matter how hard I try,
No matter how hard I weep
I'm still just a little girl
Skating down the street.

Juanita Buckner.
Poem by Betty Jeanne McLemore,
grade six.

My Kite

I'd much rather take a hike,
Than wear out the tires on my bike,
Up hill and down hill I'll wander,
Heedless of the distant sound of thunder,
And when I had reached my journey's end,
What should happen but the rain begin.
To the shelter of a nearby tree
I ran I,
What should I do, — oh me, oh, my!
Then the sun came out so bright
That you would never have known,
It once looked like night.

LONG RANGE PROGRAM PRESENTED TO THE G. O. P.

CHICAGO, April 3.—(UP)—A long-range program, which included price regulation to prevent speculation in farm lands, was presented today to the Republican party committee on agriculture meeting here to draft an agriculture policy for the 1944 GOP platform.

Gov. Bourke Hickenlooper of Iowa, chairman of the committee which is meeting with representatives of farm organizations, said the nation must draft far-reaching agricultural plans or face inadequate food production for the country's needs.

"Sixty-five years ago this country had as many acres in production as today," he said, "yet our population has doubled. Production has increased, but the problem will be more serious as time goes on, and we might have to import agricultural products within the next 15 or 20 years unless an adequate program is planned and placed in effect now."

The program, presented to the committee by the National Farmers Union, included stabilization of wartime economy through maintenance of a strict hold the line policy for labor and business as well as agriculture, and urged the imposition of a capital gains tax of 100 per cent on any increase in the sale price of all farm land purchased subsequent to the introduction of such legislation and sold prior to five years following the war.

It also urged provisions for finance, equipment and labor to enable the nation's food producers to turn out the maximum amount of food per

acre and the elimination of "uneconomic farm units."

The program advocated the maintenance of family type farms through support of cooperatives and loans at low interest rates and provided for federal crop insurance for farmers to protect them from uncontrollable risks, such as seasonal extremes, crop diseases and floods.

Other organizations appearing before the committee are the American Farm Bureau Federation, National Grange, National Association of Commissioners and Secretaries of Agriculture, National Association of Farm Cooperatives and the National Cooperative Milk Producers' Union.

Here is the Best Cobbler Potato Seed You Can Buy

Here's the best Cobbler potato seed you can buy for 1944... and in a new, handy, easy-to-plant form. The basic stock came from Prince Edward Island, Canada. We cut out the choice seed sets from each potato with a patented scientific instrument. These seed sets are packed 100 sets in a box and weigh about 3 pounds.

These Potato Seed Sets Come From Clean Cobbler Seed Potatoes

Here is your opportunity to grow the finest potatoes for your own use and thereby contribute to National Defense by producing more foodstuffs. Imperial seed sets come from the highest grade Cobbler seed in North America. They reach you at low cost and in a new form which permits quick and easy planting.

Grown By
IMPERIAL VEGETABLE GARDENS

Produced in isolation from other potato fields on high nitrogen cool peat or muck soil. Seed grown in Prince Edward Island in 1912 from stock which, according to Canadian Certification Inspectors, has been free from visible virus or fusarium since 1921.

How Imperial Seed Sets Are Prepared

First the potatoes are treated. When the potatoes are dry, the SEED SETS are cut at least one inch in diameter and at least one inch deep and the weight of each set is at least one-half ounce. After the sets are cut, they are put immediately into wax coated cartons.

For Best Results

Plant rows 28 to 36 inches apart. Plant each set separate about 12 inches apart and 4 to 5 inches deep.

Keep free from weeds and well cultivated. Full and complete instructions will come on every package.
